

WILSON NURSING DEPARTMENT TELEHEALTH SERVICES

Providing Support to Our Students During Temporary Remote Learning

- The Wilson Nursing Team will be available via phone anytime during school hours if parents have a question. During these school hours, you can call your building nurse at the extension provided on the district nursing [website](#).
- Families can also schedule a more in-depth conversation by signing up for a virtual telehealth appointment. You can schedule those appointments at this [link](#).
- Our nurses are also available to provide the following services for families; contact us for details:
 - Referrals to mental health professionals within the Wilson School District for any student experiencing anxiety, trauma, or other mental health concerns at home.
 - Direct connection for families to local providers.
 - Assistance for families in overcoming any barriers to receiving services.

We look forward to serving you during this time of remote learning. Whether it is a question about COVID-19, a general question about symptoms or coordination of additional services, we are here to serve you!
