

SCOTT & HOFFNAGLE SCHOLARSHIP FUND

Commonwealth Fire Protection Company (CFPC) is pleased to provide you with information regarding the (Stephen) **Scott & (Paul) Hoffnagle Scholarship Fund** (formally known as the Stephen E. Scott Scholarship Fund). The SES & PWH Scholarship Fund was originally established in 2015 to honor the past President of CFPC, Stephen E. Scott and revised in 2018 to honor past CEO, Paul W. Hoffnagle. CFPC is a fire sprinkler contractor located in Leola, PA serving the Mid-Atlantic area with design, fabrication, installation, service and inspection of automatic fire sprinkler systems.

Steve Scott was the founding owner and President of Commonwealth Fire Protection. He was our leader, our mentor and most importantly, our friend! Steve was wise beyond his years. He was honorable and always did "it" right! Regardless of the situation, he always took "the high road" and did what was necessary to maintain a relationship, whether it be business or personal. He was a person of high integrity. Steve surrounded himself with like-minded people and built our company through hard work and dedication. We celebrated our 40th year of business in 2017.

Paul W. Hoffnagle was one of those like-minded people who surrounded Steve. Paul's integrity and ethics lead him to live his life to the fullest. Paul's impact on everyone he met was immeasurable! After the loss of Steve, Paul continued his dedication to the CFPC family and he lead with honor. There is an extremely large hole missing in the lives of those who knew Steve and Paul, but it is the ultimate goal of CFPC to honor them both with the glory they deserve.

Steve and Paul both had the same love of the outdoors and the shooting sports. They both had a thorough love of fly fishing and hunting. Steve always had an English Setter at his side chasing grouse and pheasants and Paul always had his labs chasing pheasants, ducks and geese. The obvious method of fund raising was to hold an annual Sporting Clays Shoot. In the first three years CFPC has hosted the event, over \$50,000 has been raised for scholarships for students involved in furthering their education in a Construction Trade related curriculum. In 2017 we provided one (1) \$5000 and two (2) \$2500 scholarships. We have increased the awards in 2018 to provide (1) \$7500, (2) \$5000 and (1) \$2500 scholarships.

The SES & PWH Fund was developed to honor Steve and Paul and their dedication to continued education. Steve and Paul were both very active in encouragement of education. The fund will provide assistance to qualified individuals to further their education in a construction related field.

With the support of Sponsors and participants we have completed three very successful events that have exceeded our goals. We are looking for another outstanding event in 2018!

We are reaching out to you in hopes you can attend and help sponsor this year's event.

We look forward to your response and seeing you at the event!

We are also requesting applications for our scholarship awards. Please visit our webpage www.cfpsprinkler.com for more information.

Sincerely,

SES & PWH Scholarship Board of Directors,

Dave Woratyła, Jeff Fromm, Charmaine Zercher, Tim Kershner, Joy Scott

(Stephen) SCOTT & (Paul) HOFFNAGLE SCHOLARSHIP PROGRAM

The Scott & Hoffnagle Scholarship Fund (the “**Fund**”) is pleased to offer academic scholarships for the continuing education of an individual pursuing higher education in a construction related field.

ARTICLE I. PURPOSE

The purpose of the Scott & Hoffnagle Scholarship Program (the “**Scholarship Program**”) is to provide financial assistance to individuals who are pursuing higher education after graduating from high school.

ARTICLE II. ELIGIBILITY

Subject to the discretion of the Scholarship Selection Committee (the “**Committee**”), individuals who meet the following minimum criteria are eligible to be considered for an annual scholarship:

1. The individual is attending an accredited college/university, community college, or trade/technical school in a 50 mile radius of Leola PA or a 25 mile radius of Wilmington DE;
2. The individual maintained a minimum grade point average of 2.50 in the most recent academic year in which the applicant attended high school or an accredited post-secondary school. Notwithstanding the foregoing criteria, the Committee ultimately determines eligibility. The requirements set forth in this paragraph 3 may be waived in special circumstances where an applicant is able to demonstrate his or her commitment to the pursuit of continuing education through work experience, including, but not limited to, military service, since he or she last attended high school or an accredited post-secondary school;
3. The individual has previously passed the General Education Development (“**GED**”) tests or (iv) is enrolled full-time in an accredited post-secondary institution; and
4. The individual has been admitted as a full-time student at an accredited college/university, community college, or trade/technical school in the academic year immediately following the scholarship selection date. For purposes of this policy, an applicant will be considered a “full-time student” if at all times during the academic year he or she will be enrolled in a minimum of twelve (12) credit hours or the school’s equivalent of full-time enrollment if the school does not operate on credit hours. The committee will consider granting scholarships for one semester/less than a full academic year in certain instances where a student will be graduating halfway through the academic year.

Notwithstanding anything to the contrary otherwise provided herein, individuals who are related to (1) the shareholders of Company, (2) members of the Board of Directors of the Fund or (3) members of the Committee, are strictly prohibited from receiving a scholarship award under the Scholarship Program.

The receipt of other scholarships or awards will not jeopardize the award of a scholarship to a qualified applicant.

A scholarship recipient must apply and be selected annually for scholarships. All scholarship recipients must submit proof annually upon re-application that he or she has maintained a 2.5 grade point average. Should a scholarship lapse because of academic deficiency, the student may apply to the Committee for a scholarship in a subsequent year upon completion of at least one year during which the applicant meets the minimum grade point average eligibility requirements or otherwise demonstrates his or her commitment to the pursuit of continuing education.

Each scholarship recipient is eligible for a maximum of four (4) scholarship awards.

ARTICLE III. APPLICATION PROCESS

Application materials must be received by May 15th, in order to be considered. The following materials should be submitted:

1. A completed application form;
2. A typed essay (no more than two pages double-spaced) addressing one of the following topics:
 - a. Describe an accomplishment you have been recognized for and its influence on you.
 - b. Who has been most influential in your life and why?
 - c. What are your career aspirations and why?
3. One letter of reference or recommendation from a teacher, coach, or other adult who is not a family member and one letter of reference or recommendation from his or her school counselor;
4. High School and (if applicable) College transcripts, or, in the case of an applicant who has passed the GED tests, a Certificate of High School Equivalency; and
5. Letter of Acceptance at an accredited college/university, community college, or trade/technical school (or other proof of enrollment).

ARTICLE IV. SELECTION PROCESS

Recipients will be selected by a Committee based on application materials provided. The Committee shall consist initially of three (3) community representatives. The members of the Committee shall be:

1. Benae Hoffnagle
2. Daniel J Laird

3. Joy Scott

The Fund or the Scholarship Selection Committee will publically announce scholarship awards.

The factors to be considered by the Committee in awarding scholarships shall be:

1. The eligibility requirements described above in Article II;
2. The applicants' particular field of study/degree major must be in a construction related field of study with preference given to a construction trade related field.
3. Academic record and scholastic achievement;
4. Community Involvement (activities in school, church, sports, charities, or other community groups);
5. While financial need is not a qualifying factor, should there be applicants who are substantially equal in all other qualifying areas, the Scholarship Selection Committee shall then give consideration to financial need when making the award;
6. Such personal references and other materials provided; and
7. Any other considerations determined to be relevant by the Committee.

The Committee shall not consider the applicant's particular field of study/degree major, as long as it meets the scholarship program requirements.

ARTICLE V. AWARD

The Committee will award scholarships each year to such qualified applicants and in such amounts as determined by the Committee, in its sole discretion. Regardless of the Fund's assets, the Scholarship Selection Committee is not required to award scholarships in a year when it determines there are no qualified applicants. In the absence of qualified applicants then a portion of the un-awarded scholarship funds will be sent to a technical college selected by the board.

All scholarship applicants will be notified of the Scholarship Selection Committee's decision by June 15 of each year. Payment will be made to the recipient's school of choice upon notification and in accordance with such institution's scholarship guidelines.

ARTICLE VI. QUESTIONS

If you have questions or need further information, please contact Dan Laird at 717-517-4789 or dan@cfpsprinkler.com.

THE SCHOLARSHIP PROGRAM APPLICATION FORM

Please complete this form. Information must be typed or printed directly on this form. Please put an asterisk by your preferred mailing address, if applicable.
