This tool will reveal your true personality and provide tips to achieve success, in a way that works for you.

This usually takes less than 20 minutes. To get the best results:

- Relax, there are no right or wrong answers
- Just choose the options that are most like you
- Don't be influenced by what others may expect of you

Based on accurate answers, your results will help:

- Clarify your career options
- Make assignments and tests easier
- You understand others and others understand you

Do What You Are

Completed on Nov 4, 2015

Your personality type is: **ESTJ**

Extraverts prefer to:

- focus their attention outward
- work on a variety of tasks
- seek out and interact with many people
- work at a rapid pace
- talk about their ideas to think them through

Sensors prefer to:

- focus on "what is" rather than "what could be"
- work with real things rather than ideas
- apply past experience to solving problems

Judgers prefer to:

- make many decisions as part of their work
- work in a predictable environment
- complete their responsibilities before relaxing
- maintain control over projects

Thinkers prefer to:

- analyze problems logically
- weigh pros and cons, and make decisions objectively
- be tough negotiators

You are also a realistic and down to earth person who prefers activities that are hands-on and have some practical use. While you probably have a good memory for facts and details, you can become bored or frustrated with conversations that are too theoretical, or with long discussions about things that may never happen. You prefer to stay busy and physically active and may be somewhat skeptical about trying new things or changing your routines you're comfortable with. Your many friends admire your strong work ethic and know you are a person of your word. In your desire to have things settled and decided you may sometimes act a bit too quickly. You like to know what others expect of you, and you strive to fulfill all of your commitments precisely and completely.

Job Description

Mix or apply pesticides, herbicides, fungicides, or insecticides through sprays, dusts, vapors, soil incorporation, or chemical application on trees, shrubs, lawns, or botanical or Federal certification.

Interests - Holland Interest Code ICR

Realistic
Realistic occupations frequently involve work activities that include practical, hands-on problems and solutions. They often deal with plants, animals, and real-world materials like wood, tools, and machinery. Many of the occupations require working outside, and do not involve a lot of paperwork or working closely with others.

Conventional
Conventional occupations frequently involve following set procedures and routines. These occupations can include working with data and details more than with ideas. Usually there is a clear line of authority to follow.

Investigative
Investigative occupations frequently involve using science, mathematics, and logic. They require an extensive knowledge of facts and principles.
