This cumulative average is adjusted for weighted courses while the raw grades listed on transcripts are unweighted. Only the cumulative GPA is weighted. Students ranked on the basis of final grades for all subjects at the end of 9, 10, 11, and 12. The computation formula used to determine class rank will also be used to determine graduation recognition (Summa Cum Laude, with highest honors; Magna Cum Laude, with highest honors; and Cum Laude, with honors).
